History

Maroochy Beach Gymnastics Association Inc. originated in 1975 as the *Sunshine Coast National Fitness Club*, operating within the premises of the Alexandra Headland Surf Club with a mere 50 athletes. Membership rapidly increased over the ensuing decade, compelling the Club to relocate to its current site in 1985. In 2002, funding from the Department of Sport and Recreation granted an extension to the facility. In 2012, funding from the Jupiters Casino Community Benefit Fund was granted to assist with the purchase of additional office suites. The facility and all contents were destroyed in a devastating fire on 29th May 2017. The Club operated from temporary premises at Kunda Park commencing June 2017, retaining the majority of its' 750 members. Through Club fundraising efforts; generous donations; grant funding and community support, the rebuilt state-of-the-art venue officially opened at the Wisers Road, Maroochydore site on 21st April, 2018.

All matters to be contributed to the general meeting must be in writing and addressed to "The Secretary".

Administration & Office Hours

The Office is attended during school terms as follows:

- All coaching staff are fully accredited and registered Technical Members through Gymnastics Australia, in addition to possessing current Senior First Aid certification.
- All coaching staff abide by professional and ethical standards according to Gymnastics Australia Code of Ethics.

All of our coaching staff have attained accreditation through the national governing organisation of Gymnastics Australia. It is mandatory for coaches to attend regular updating clinics, events and workshops to renew their annual technical accreditation. Many of our Beginner coaching staff are high-level or retired competitive gymnasts who have years of knowledge and experience through their competitive background. Beginner Coaches are under the supervision of a qualified coach.

COMPETITIVE PROGRAM

It is an honour to be selected for the Competitive Teams Program. Within this program, expectations are placed on the gymnast to work hard and improve their physical abilities and skills. Positions within the competitive team are offered on the understanding that the gymnast aspires to high levels of performance and fully meets the training and competition requirements of that team, the exception being gymnast illness; injury or in the event of an emergency.

It is important that each gymnast is allowed to grow and develop at his or her own pace. Allowing appropriate time to develop strong fundamentals and basic skills allows individual children to achieve ongoing improvement which in turn builds their confidence and competence.

When we consider each gymnast for competitive classes we factor in the following when we decide on group placement and training hours:

- A gymnast will be placed in a class that suits his/her social and gymnastics level of development, maximising their individual potential if correctly followed with determination, effort and persistence.
- A gymnast must work as a valued team member and be willing to have a go with appropriate attitude to the tasks asked of them
- A gymnast must demonstrate the ability to gain value for the hours they train through confidence, competence and consistency
- A gymnast must want to increase training hours and love their training before an upgrade occurs as this reinforces the points above
- A gymnast must benefit from increased training hours

Gymnasts can expect the dedication of their coach to the task of developing their gymnastic ability to their maximum potential. The programs put in place will give your child the best chance to maximise their individual potential & provide future life skills, if correctly followed with determination, effort and persistence.

Pre Squad to Level 3 Competitive Teams

Gymnasts train between 2 and 9 hours per week, developing and perfecting the basic skills and fundamentals of gymnastics. Strength, flexibility and shapes are the key components required in order to proceed in level difficulty, whilst attendance at competitions is secondary at this age and level.

Level 4 to 10 Junior and Senior Squads

Gymnasts train between 10 to 20 hours per week, building on the fundamental and basic skills learnt previously, with the aim for representation at Regional, State and National competitions.

Progression within the Competitive Program

Gymnastics is an individual sport where children progress to their personal potential and ability. Gymnasts must execute skills safely and with correct technique prior to advancing to the next skill level. The time span to successfully accomplish this varies broadly from gymnast to gymnast and will be dependent upon the individual's strength & flexibility. Gymnasts' safety as well as the coaches' integrity is compromised if gymnasts progress to a level when they are not physically or mentally capable. Gymnasts progress to the next level as an individual & at the discretion of the Program Manager in liaison with the gymnast's coach.

Positions in any class are offered at the discretion of the coaching staff and may be withdrawn by the coaching staff. Coaches are the correct people to make decisions regarding the gymnasts' readiness to progress, the program content or any other coaching related matter.

What can gymnasts and parents expect from MBG?

All coaching staff will abide by and practice professional and ethical standards provided by Gymnastics Australia Code of Ethics. Gymnasts can expect the dedication of their coach to the task of developing their gymnastic ability to their maximum potential. No guarantees can be made regarding the level to which a gymnast will rise. Training programs will give your child the opportunity to maximise their own potential if correctly followed with effort and persistence.

Expectations of a gymnast and parent when joining a class

To get the greatest benefit from training, gymnasts are expected to be punctual, polite and cooperative. Competition attendance is critical to the gymnast's ongoing improvement. Non-attendance at competitions recommended by the gymnast's coach will jeopardise the gymnast's position within the competitive program. Gymnast's performance may be assisted through adequate rest/sleep and a nutritious diet. Parents will assist coaches and staff by abiding by the Club's Rules.

Communicating with Coaching Staff

For the safety of all of our athletes, please do not distract or talk to your child, coaching staff or other gymnasts during training sessions or at competition. Your child is in the care of their coach from the commencement of, and until discharge from, their training and competition session.

Parents are required to supervise children in their care, whilst spectating classes. For the safety of our athletes, no ball sports or running is permitted within the gymnastics venue or viewing area. No parent is to enter the training floor. Any day-to-day messages are to be relayed to the Office staff who will convey the message to the gymnast's coach. In the event of an emergency, please advise or phone Office staff who will inform coaching staff.

If you have any enquiries regarding the program or your child's progress, please arrange an appointment with your child's coach through the Office Administration staff. If an unresolved issue arises, a meeting will be arranged between the gymnast's parent or guardian, the coach and the Program Manager.

Safety

Upholding the safety of all gymnasts is the key priority for coaching staff. MBG reserves the right to refuse or rescind a position in any class without a warning where a coach feels that an individual presents a risk to the safety of him/herself or others. Failure to follow instructions or act in a reasonable, sensible manner may constitute such a risk. Physical or verbal abuse of a gymnast or staff member may constitute such a risk.

Assumption of Risk

Participation in gymnastics carries an inherent risk of injury like any other sport or physical activity. Many gymnastics activities require inversion (turning upside down) of the body which in turn carries the risk of head or spinal injury. This risk is greatly controlled in a supervised class with a qualified and experienced coach. Parents should be aware of this risk prior to accepting membership.
